

AKOLA EHI BRIDGET

Medical Microbiologist | Laboratory Operations Specialist

akolabridget@gmail.com | 08051849128; 08086005623 | Lagos, Nigeria

PROFESSIONAL SUMMARY

Results-driven Medical Microbiologist with 4+ years of specialized laboratory experience in clinical diagnostics, microbial identification, and quality assurance. Proven track record of processing high-volume specimens with exceptional accuracy, implementing quality control procedures, and ensuring compliance with medical laboratory regulations. Expertise in molecular diagnostics, antimicrobial susceptibility testing, and serological assays with strong background in infection control and biosafety protocols.

CORE COMPETENCIES

Technical Skills:

- Molecular Diagnostics: PCR, RT-qPCR, NGS sample preparation
- Microbiology: Culture techniques, microscopy, antimicrobial susceptibility testing
- Laboratory Equipment: LIMS systems, automated analyzers, spectrophotometers, centrifuges
- Quality Systems: ISO 15189, QC/QA procedures, SOP development and implementation
- Serological Testing: ELISA, rapid antigen/antibody tests, immunoassays
- Blood Banking: Donor screening, compatibility testing, transfusion safety

Professional Skills:

- Laboratory Information Management Systems (LIMS)
 - Regulatory Compliance (CAP, CLIA, ISO standards)
 - Data Analysis and Interpretation
 - Team Leadership and Training
 - Process Improvement and Optimization
 - Documentation and Record Keeping
-

PROFESSIONAL EXPERIENCE

Medical Microbiologist

Glomedix Laboratory Limited | Lagos, Nigeria | December 2020 – Present

- Process 200+ daily clinical specimens (blood, urine, sputum, stool, wound swabs) achieving 99.5% accuracy rate

- Reduced specimen processing turnaround time by 40% through implementation of automated culture tracking systems
 - Decreased contamination incidents by 55% via development and implementation of enhanced Standard Operating Procedures
 - Validate and perform antimicrobial susceptibility testing for 15+ antibiotic panels supporting AMR surveillance programs
 - Execute comprehensive serological testing protocols including ELISA and rapid diagnostic tests for infectious disease detection
 - Maintain strict biosafety Level 2 protocols and ensure 100% compliance with medical laboratory regulations
 - Implement Quality Control and Quality Assurance procedures resulting in zero regulatory violations
 - Mentor junior laboratory staff on advanced microscopic techniques and culture preparation methods
-

Laboratory Assistant

Medix Laboratory & Clinical Services | Lagos, Nigeria | May 2020 – August 2020

- Conducted specialized testing on 500+ blood units with zero transfusion reaction incidents
 - Optimized reagent storage protocols reducing laboratory waste by 30% and improving cost efficiency
 - Operated complex laboratory equipment including microscopes, centrifuges, and spectrophotometers
 - Performed phlebotomy procedures and specimen collection maintaining strict chain of custody protocols
 - Managed laboratory inventory and reagent stock ensuring 100% availability of critical testing supplies
-

Industrial Trainee - Laboratory Operations

Faleti Medical Centre | Lagos, Nigeria | December 2015 – December 2016

- Established laboratory equipment calibration schedules ensuring optimal performance and accuracy
- Maintained sterile laboratory environments and implemented contamination prevention protocols
- Digitized patient data entry systems improving data retrieval efficiency by 25%
- Provided technical support to senior laboratory scientists enabling seamless laboratory operations

- Achieved 100% compliance with Personal Protective Equipment (PPE) protocols and safety regulations
-

Industrial Trainee - Clinical Laboratory

Obisesan Naval Medical Centre | Lagos, Nigeria | October 2014 – February 2015

- Maintained accurate patient data records in both IGR and NHIS systems with zero documentation errors
 - Implemented laboratory sterilization protocols ensuring contamination-free work environments
 - Assisted in microscopic slide preparation and staining techniques under senior scientist supervision
 - Demonstrated proficiency in phlebotomy procedures and specimen handling protocols
-

EDUCATION

Higher National Diploma (HND) in Science Laboratory Technology

Microbiology Specialization Benue State Polytechnic, Ugbokolo | 2016 – 2018

National Diploma (ND) in Science Laboratory Technology

Benue State Polytechnic, Ugbokolo | 2014 – 2015

CERTIFICATIONS

Health, Safety, and Environment (HSE) – Level 1 *La Plage Meta Verse – Africa's First & Largest Synchronous Learning Platform*

- Course Code: LPMV/HSE-L1/0192
- Certificate No.: 1534043
- Date of Award: 13 February 2025
- Key Modules: HSE Management Systems, Workplace Hazard Assessment, Safety Protocols, Emergency Response

Special Interdisciplinary Professional Development (SIPD) Program *La Plage Meta Verse*

- Course Code: LPMV/SIPD/0001
- Certificate No.: 1534043
- Date of Award: 13 February 2025
- Focus Areas: Cross-Cultural Communication, Healthcare Interdisciplinary Approach, Disaster Risk Reduction

Both certifications accredited by: America Council of Training & Development (ACTD), International Education Board (IEB) UK, CPD Group UK, ISO 9001:2015 Quality Management Systems, Association of Healthcare Trainers (AOHT) UK

ADDITIONAL QUALIFICATIONS

National Youth Service Corps (NYSC)

His Grace Academy | Abeokuta, Ogun State | December 2019 – October 2020

- Developed structured curriculum-based lesson plans and implemented engaging teaching methodologies
 - Demonstrated leadership skills in classroom management and student development
-

PROFESSIONAL ATTRIBUTES

- Advanced analytical and problem-solving capabilities
 - Excellent attention to detail and precision in laboratory procedures
 - Strong interpersonal and communication skills
 - Ability to work effectively in fast-paced, high-pressure environments
 - Commitment to continuous professional development and learning
 - Proven ability to work independently and as part of multidisciplinary teams
-

LANGUAGES

- GB English (Fluent)
-
